

Option 1

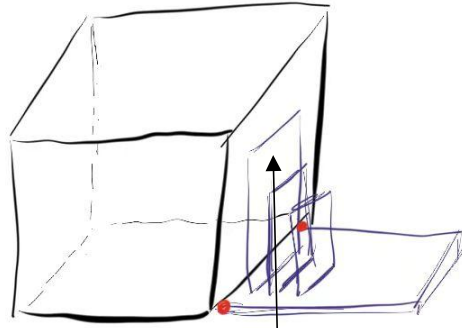

You can fasten the seasoning bag to this surface and label what kind of seasoning it is

This is one of the slots used to open it.

This is the box for storage.

Option 2

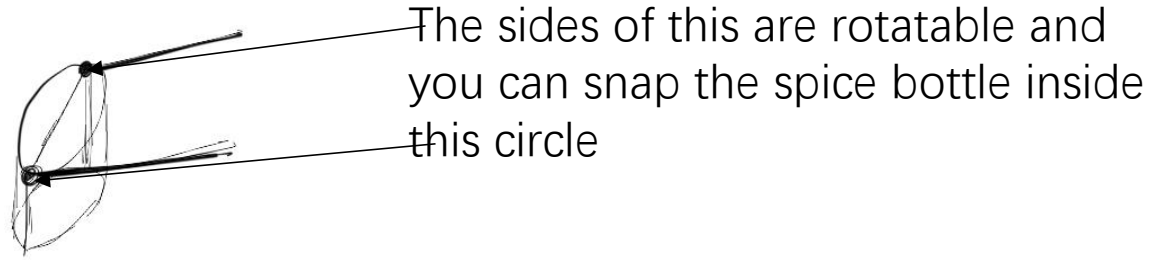

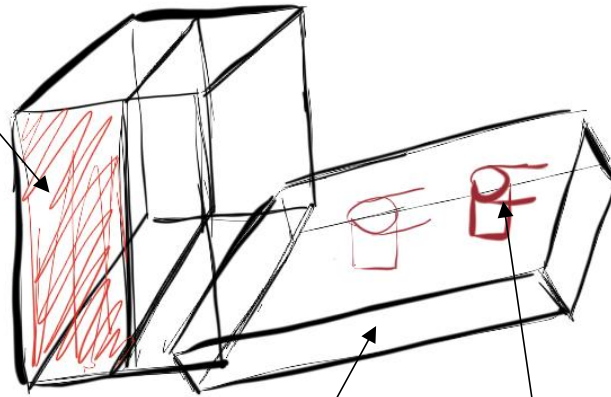

This is a box to store seasoning packets, you store seasoning packets in the form of a newspaper like the picture on the right, you can sort the different seasoning packets, and then stuck on different surfaces, the bottom of this is placed in a large box by pulling it

Option 3

This one holds all kinds of seasonings.

When you use it, you'll be able to open this side up and you'll be able to use the spice bottle

It's arranged in two rows and you can put 6 spice bottles in it

This surface can be, a blackout material to avoid sunlight on the seasoning
